Pursuant to MN Statute 415.01 Subdivision 2. Charges for Emergency Services. A city may adopt an ordinance to charge for emergency services. The Township has adopted Ordinance #2018-17 on 8/29, 2018 authorizing the above fee regarding billing for Fire and Extrication Services.

**366.011 CHARGES FOR EMERGENCY SERVICES; COLLECTION.**

A town may impose a reasonable service charge for emergency services, including fire, rescue, medical, and related services provided by the town or contracted for by the town. If the service charge remains unpaid 30 days after a notice of delinquency is sent to the recipient of the service or the recipient's representative or estate, the town or its contractor on behalf of the town may use any lawful means allowed to a private party for the collection of an unsecured delinquent debt. The town may also use the authority of section 366.012 to collect unpaid service charges of this kind from delinquent recipients of services who are owners of taxable real property in the state.

The powers conferred by this section are in addition and supplemental to the powers conferred by any other law for a town to impose a service charge or assessment for a service provided by the town or contracted for by the town.

**History:** 1997 c 16 s 1; 2005 c 151 art 3 s 16
