Reports

- Police – Attached
- Fire – Attached
- Road and Bridge – Attached
- Wastewater Board – Supervisor Tuchel explained that the PFA loan that the WWB was anticipating was actually going to be higher and the grant amount slightly lower; this was due to the original calculations including all 516 residences within Breitung Township, the calculations should have only included the 280 of those residences that receive wastewater services. The WWB is attempting to keep loan amount down with PFA but Tuchel mentioned that it would likely mean raising the rates for customers. Tuchel stated that the filters for the new plant were expected on 04-08-2025 and would be installed immediately.
- Ambulance Commission – No meeting/report
- Housing – Attached

Reports so noted.

Old Business:

Current Infrastructure Projects

- 2025 Infrastructure Project – On hold until after 7-1-2025 when the next round of IRRR funding becomes available.
- 2022 and 2023 Infrastructure Projects – Projects and change orders complete, waiting for final pay estimates
- McKinley Loop Trail – It has been determined that additional work will have to be done in/around the airport to maintain safety, likely resulting in \$20k-\$30k more expenses. Once AT grant is determined, the difference in cost would need to be worked out between Tower and Breitung.
- Thompson Farm Road Project – Chairman Tomsich noted that the plans for the 2nd turn lane were under review with MN-DoT and that the township had received \$69k from the Prospectors' Trail Group

Flood/FEMA process – Clerk Zak explained that two of the projects were now listed as “obligated” meaning that they should receive payment in 60 – 90 days; the total of the two projects was \$15k. The remaining projects were still under review. The Church Street culvert repairs were deemed by FEMA to be unfit for reimbursement due to lack of maintenance prior to the flood.

Police: Squad Replacement

Chief Reing was still waiting for quotes for the additional equipment needed for a new squad.

Sewer Ordinance

It was discussed that in order to pass an ordinance or an amendment, electors would need to vote on the matter. It was decided to draft the ordinance in full and have it reviewed by the Township attorney for accuracy and legality. Once the ordinance draft was complete, a special electors' meeting would be called for a vote. At the same time, it was decided that the electors would also vote on the previously passed animal ordinance.

Motion by Supervisor Tuchel to call a special electors' meeting for the purpose of voting on the ordinances

2nd by Supervisor Peitso

Motion Passed 3-0

Fire Truck Replacement

It was noted that multiple sealed bids would need to be acquired for the purchase of the fire truck. Chief Banks indicated that he was still in the process of collecting those.

Fire: Turnout Gear

Chief Banks discussed that due to the propriety nature of the turn-out gear and the single source availability, a second quote for purchase was unnecessary.

Motion by Chairman Tomsich to approved the purchase of turn-out gear for Breitung Fire & Rescue in the amount of \$71,499.67

2nd by Supervisor Peitso

Motion Passed 2-0, Supervisor Tuchel abstaining due to potential conflict of interest

Post Office Faceplates

Chairman Tomsich announced that the faceplates had been sold at auction, the township was awaiting a check for freight charges and would be sending them out once that was received.

CHIEF OF POLICE

March was a steady month with a good number of calls. Some of these calls took an extensive amount of time to investigate.

G.R.E.A.T. classes are winding down at the Tower Elementary and Northwoods School. The students enjoy the program, as does the staff. It is a good opportunity to establish rapport with our youth. The students learn life skills not always taught in the regular curriculum of school.

Our new badges are now worn by our Officers. The design looks very sharp and clean. You will slowly start to see other agencies wearing new badges as they are coming into compliance with the new state law.

I attended Defensive Tactics recertification at the end of the month. This allows me to continue to train our Breitung Officers and Babbitt Officers as well. I am currently planning our in-service training that will occur on April 15th in Soudan. I want to remind the residents that if they hear sirens, shouting, and activity at our office that day it is controlled training.

As the weather continues to warm, be aware of your speeds there will be increased foot and bike traffic to watch for. Please enjoy the outdoors, our area is beautiful.

Stay safe,

Daniel Reing

Dianna Sundahl

- Tower Area Collaborative will meet April 9th @ Tower City Hall and via ZOOM. Did not meet for the month of March, will meet again in June. We have changed to every other month at this time.
- Tower Clerk will be applying for the SRCG Grant and an IRRR Grant for pre-work
- The TAC Team will discuss in further detail the planning of a Community Meeting after results of testings-maybe an open house type of meeting
- Zoning Ordinance-Brought to the City of Tower and Planning and Zoning just to make aware and to put it on people's radar. City of Tower to look at having a meeting as well with business owners on Main Street to get their input into any changes they might like to see.
- When Harbor Development gets started, engage developers to get an idea if they may be interested in the project. Follow up with One Roof to see if they have the bandwidth to take on a new project.

If anyone has any questions, feel free to contact Dianna Sundahl @ deputyclerk@breitungtownship.org

Flood Update

04/15/2025

- Signed final documents from Homeland Security Emergency Administration of MN for roads including: Stuntz Bay Road, Spring, Armstrong Bay, 1st Avenue; expecting payment this week, \$14,894.98 (90% of expected payment, remainder to be paid at a later date, still working with HSEM to determine a timeline for final 10%)
- Noted a newly obligated portion including roads: 2nd Avenue, Junction (manhole portion), McKinley Park Campground, Miettunen Plat, Thompson Farm – “obligation” indicates payment within 60 – 90 days, \$30,268.31 (90% as discussed above)
- Working with Program Delivery Manager (FEMA) on mitigated road details, including roads: Echo Point, Mallard, & Junction. Spent time collecting GPS points with Supervisor Gorsma on 4/15/25 at the request of FEMA
- We have a new Program Delivery Manager, signaling that FEMA is wrapping up their work here and is pushing to finish projects – I expect that once the details above are received, this project could move swiftly through the pipeline. The cost of the remaining mitigated roads (Echo Point, Mallard, Junction, Puncher, and MPAR) is an approximate \$100k

Respectfully,

Amber Zak, Clerk

Change to Payroll and Vendor Payments.

I am proposing that we process payroll and vendor payments every other Tuesday. Those who are paid monthly would be paid on the 2nd payroll of the month. For the month of April this does not change the dates. The changes will start in May.
